Bovee Dods' Imperial Wine Bitters, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount

of bodily and mental misery arising simply from a neg lect of small complaints is surprising, and it is therefore of the utmost importance that a strict attention to the least and most triffing bodily ailment should be had; for diseases of the body must invariably affect the mind

The Wine itself is of a very superior quality, being about one-third stronger than other wines; warming and invigorating the whole system from the head to the feet. As these Bitters are touic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth.
